### PROFILE

I am a dedicated and hardworking 2nd-year Data Science student at Sri Lanka Technological Campus, with a strong passion for problem-solving and data-driven decision-making. I have a solid foundation in key data science concepts such as statistical analysis, machine learning, and data visualization, complemented by hands-on experience with programming languages like Python and SQL. I thrive in collaborative environments and am constantly seeking opportunities to apply my analytical skills to solve real-world challenges. Committed to continuous learning and driven to contribute meaningfully to projects that harness the power of data.
